

1 **EU-TYPE EXAMINATION CERTIFICATE**

2 Equipment intended for use in Potentially Explosive Atmospheres Directive 2014/34/EU

3 Certificate Number: **Sira 17ATEX2195X** Issue: **1**

4 Equipment: **Flashlight, Model DF2001 [SAFATEX - SL]**

5 Applicant:

6 Address:

7 This equipment and any acceptable variation thereto is specified in the schedule to this certificate and the documents therein referred to.

8 Sira Certification Service, notified body number 0518 in accordance with Articles 17 and 21 of Directive 2014/34/EU of the European Parliament and of the Council, dated 26 February 2014, certifies that this equipment has been found to comply with the Essential Health and Safety Requirements relating to the design and construction of equipment intended for use in potentially explosive atmospheres given in Annex II to the Directive.

The examination and test results are recorded in the confidential reports listed in Section 14.2.

9 Compliance with the Essential Health and Safety Requirements, with the exception of those listed in the schedule to this certificate, has been assured by compliance with the following documents:

EN 60079-0:2012/A11:2013

EN 60079-11:2012

EN 60079-28:2015

The above list of documents may detail standards that do not appear on the UKAS Scope of Accreditation, but have been added through Sira's flexible scope of accreditation, which is available on request.

10 If the sign 'X' is placed after the certificate number, it indicates that the equipment is subject to Specific Conditions of Use identified in the schedule to this certificate.

11 This EU-Type Examination Certificate relates only to the design and construction of the specified equipment. If applicable, further requirements of this Directive apply to the manufacture and supply of this equipment.

12 The marking of the equipment shall include the following:

I M1

II 1G

Ex ia op is I Ma

Ex ia op is IIC T4 Ga

Project Number 70203101

This certificate and its schedules may only be reproduced in its entirety and without change.

## SCHEDULE

### EU-TYPE EXAMINATION CERTIFICATE

Sira 17ATEX2195X  
Issue 1

#### 13 DESCRIPTION OF EQUIPMENT

The DF2001 is a portable, hand-held, intrinsically safe flashlight for use in hazardous locations and powered by a rechargeable, Lithium-Ion cell. It has high and low mode operating functions that allow users to operate with high brightness or long duration lighting. Listed below are the flashlight's main, component parts:

- a body assembly
- a tail assembly
- a cap assembly
- three PCBs (BAT PCB, CON PCB and LED PCB)
- a reflector
- an LED light source
- an LED low battery warning light
- an ON/OFF button

The enclosure meets the ingress protection requirements for IP64.

**Variation 1** - This variation introduced the following changes:

- Change of 'Conditions of Manufacturer': permissible charging parameters.
- Removal of drawing no. DF2001 sector diagram from controlled drawings.
- Revision of descriptive document, DF 2001 CCL.
- Removal of Specific Conditions of Use: POTENTIAL ELECTROSTATIC CHARGING HAZARD - Where a static-generating mechanism is identified, such as repeated brushing against clothing, suitable precautions shall be taken, e.g. the use of anti-static footwear.

#### 14 DESCRIPTIVE DOCUMENTS

##### 14.1 Drawings

Refer to Certificate Annexe.

##### 14.2 Associated Sira Reports and Certificate History

Issue	Date	Report no.	Comment
0	04 October 2018	R70156227A	The release of the prime certificate.
1	29 March 2019	R70203101A	The introduction of Variation 1.

#### 15 SPECIFIC CONDITIONS OF USE (denoted by X after the certificate number)

- The DF2000 shall only be charged when in the non-hazardous area, using the cradle specifically supplied by the manufacturer for use with the unit. Charging shall be at an ambient temperature range 0°C to 40°C.
- The lithium cell inside the equipment shall not be changed by the user.
- The flashlight shall be protected from sustained exposure to sunlight.
- Do not open enclosure in hazardous location.
- The DF2001 shall only be used in locations where there is a low risk of mechanical impact.

This certificate and its schedules may only be reproduced in its entirety and without change.

## SCHEDULE

### EU-TYPE EXAMINATION CERTIFICATE

Sira 17ATEX2195X  
Issue 1

**16 ESSENTIAL HEALTH AND SAFETY REQUIREMENTS OF ANNEX II (EHSRs)**

The relevant EHSRs that are not addressed by the standards listed in this certificate have been identified and individually assessed in the reports listed in Section 14.2.

**17 CONDITIONS OF MANUFACTURE**

- 17.1 The use of this certificate is subject to the Regulations Applicable to Holders of Sira Certificates.
- 17.2 Holders of EU-Type Examination Certificates are required to comply with the conformity to type requirements defined in Article 13 of Directive 2014/34/EU.
- 17.3 The adapter and cradle supplied with the DF2001 shall be approved as SELV equipment complying with the IEC 60950 series, IEC 61010-1, or a technically equivalent standard. The maximum charging parameters shall not exceed 5.55 Vdc / 1.0 A.

# Certificate Annexe

Certificate Number: Sira 17ATEX2195X  
Equipment: Flashlight, Model DF2001  
Applicant: Day Sun Technology Ltd.
