Product Service

ATEX Directive 2014/34/EU – Equipment And Components Intended For Use In Potentially Explosive Atmospheres

Statement No.	: 64.105.17.02965.01 Rev.02
Product(s)	: SCAFFOLDING BRACKET EX - Item no. 03.5609
Manufacturer	: Scangrip A/S Rytterhaven 9, 5700 Svendborg, Denmark
Basis Of Examination	: European directive ATEX 2014/34/EU, Annex II
Standard(s)	: EN 1127-1:2011, EN ISO 80079-36:2016, IEC/TS 60079-32-1:2013 (Technical Specification).
Intended Use	: Zone 1 and 2, IIC, T6; Zone 21 and 22, IIIC, T85 °C.

Statement / Evaluation Result:

The product is excluded from the scope of application of the ATEX directive 2014/34/EU according to the interpretations of the ATEX 2014/34/EU Notified Bodies.

Despite the exclusion of the scope of application, the products may contain active ignition source's under certain conditions.

Therefore, the ignition hazard assessment and products has been assessed and they have been approved by TÜV SÜD for use in Explosive Atmospheres as specified. There are no effective ignition sources.

Special conditions for use have to be applied (see section 5).

1) Description Of The Equipment

Item: SCAFFOLDING BRACKET EX
Item no. 03.5609

SCAFFOLDING BRACKET EX is designed to be used in explosive atmosphere in combination with SCANGRIP NOVA-EX work lights which are certified according to following:

Ex II 2G Ex db eb mb op is IIC T4 Gb

Ex II 2D Ex tb IIIC T85 °C Db IP65

For flexible positioning of NOVA-EX on scaffoldings

The bracket is specially designed to fix NOVA-EX work lights on scaffoldings. The mounting bracket can be attached to any round object $\Phi 40$ -50mm. The bracket is made of the same sturdy quality as other standard fittings for scaffolding. When mounted in the bracket the lamp can be tilted to the requested lighting angle.

1) Description Of The Equipment

Item: MAGNETIC BRACKET EX
Item no. 03.5616

MAGNETIC BRACKET EX is designed to be used in explosive atmosphere in combination with SCANGRIP NOVA-EX and NOVA-EX R work lights which are certified according to following:

-  II 2G Ex db eb mb op is IIC T4 Gb
 II 2D Ex tb IIIC T85 °C Db IP65

For positioning of NOVA EX work lights on magnetic surfaces

The bracket is supplied with two extremely powerful rubber cased magnets, designed for flexible mounting and positioning of the NOVA-EX and NOVA-EX R work lights on any magnetic surface with a holding force of more than 10 kg each. The bracket is made of laser cut high strength steel with a powder coating. The unique quick release pin ensures fast and safe positioning, and the lamp can be tilted to the desired lighting angle.

1) Description Of The Equipment

Item: SCANGRIP TRIPOD EX
Item no. 03.5607

SCANGRIP TRIPOD EX is designed to be used in explosive atmospheres in combination with SCANGRIP NOVA-EX and NOVA-EX R work lights which are certified according to following specifications:

-  II 2G Ex db eb mb op is IIC T4 Gb
-  II 2D Ex tb IIIC T85 °C Db IP65

For stationary positioning only.

The SCANGRIP TRIPOD EX is designed to meet any working situation where flexible illumination is a key.

Extendable from 1.35m to 3m, the tripod offers complete flexibility to position the NOVA-EX work lights in the required height and angle.

The tripod is made of durable and sturdy powder coated steel. To increase safety when in use, cables can be positioned in the safety clips placed on each of the tripod legs. The cable winding device are for excess wire.
